

My name is Beth Samra and I am a proud DECE with the Simcoe County District School Board since 2013. I spend my working days with an incredible team of KG educators at Hewitt's Creek Public School. I joined Simcoe County DECES Local 4 yrs ago and have since served as one of your Local Executive Officers. I co-chaired the Professional Learning Committee and currently sit on the Political Action Committee. During this time, I have worked alongside some amazing women, striving to represent all DECES with professionalism and integrity. I am grateful for the opportunity to engage in meaningful discussions and implement plans of actions to better our working conditions and will continue to be a leading voice for our profession. I am ready to try on a new hat: secretary. I have filled in for our current secretary when necessary and have attended board meetings with our president to assist with note taking. My experience and commitment make me the right choice for this position. Thank you in advance for your consideration.
