

I graduated from Humber College in 2006. I furthered my education by obtaining a degree from York University in Health Psychology taking many courses in child development. I have worked in the ECE field for over 10 years and have been employed full time with the SCDSB since 2014.

I am passionate about our role in Full Day Kindergarten and am always looking to keep myself informed in important issues. I believe in supporting one another and the importance of networking and collaborating with other colleagues. I consider myself an ECE advocate and am eager to learn more and be a part of our Local Union team. I enjoy attending workshops and seminars to further my knowledge. I believe in having a voice and using it and am proud to be a member of ETFO. I am in this for the long haul and look forward to the journey and fight we have ahead of us.

When I am not advocating for children or engaged in the classroom I would consider myself an outdoor enthusiast and find my peace and happiness in nature. I enjoy reading and spending time with family and friends.

I would consider myself honest, loyal, committed, supportive, compassionate and hardworking and would love your support in being one of our Local Executive Officers for the SCDSB Local DECE's.

Thank you,

Francine Ferguson
